

LAWLORS HOTEL

DUNGARVAN

Dear Guest,

Our number one priority is your safety & wellbeing.

Our team have been monitoring and are paying particular attention to recommendations from the World Health Organisation & the Health Protection Surveillance Centre as we take every additional measure to ensure your safety & protection while you stay with us.

We wanted to update you on the actions we have taken in preparation for our re-opening on the 29th June 2020.

As always, we take great care in maintaining the highest standard of cleanliness & hygiene throughout the hotel. We have supplemented these procedures with additional Covid 19 cleanliness specific guidelines, training & information to make our cleaning & hygiene procedures ever more stringent.

We have increased the frequency of cleaning, public areas including elevator, door handles, rest rooms & reception.

In addition to our normal high standard, cleaning & disinfecting procedures to clean rooms before guests arrive and after guests depart have been increased, with particular attention been paid to high touch areas.

We will continue to monitor food & beverage service in conjunction with the World Health Organization & the Health Protection Surveillance Centre.

We have increased the number of hand sanitizers throughout the property.

We would encourage all guests to pre-book for all accommodation, food & beverage offerings where possible.

We would appreciate your co-operation with social distancing guidelines & where possible one member of your party presents to reception on check in.

Should you have any questions or concerns, please do not hesitate to contact us directly on 058 41122 or email us at, info@lawlorshotel.com

I would like to thank you for your continued support & look forward to welcoming you back to Lawlor's Hotel.

Yours Sincerely

Michael Burke
